## Dear Friends of the Ministry,

Greetings from Sakila! We thank God for protection from Covid-19. The years of 2020 and 2021 have been a battle in our faith. We keep trusting God, and God has been faithful to us until now.

The ministry is doing fine. We have 109 Bible school students who will graduate on Dec. 2, 2021. Praise the Lord!

Churches are growing all over Tanzania. This year I visited many states in Dar, Katavi, Kigoma, Kagera, Shinyanga, Singida, Dodoma, Manyara, Arusha, Zanzibar, and Kilimanjaro. During the trip around the country, we realized the churches have many needs, including land and buildings.

The staff at the Sakila medical clinic has been working hard this year due to vaccinations.

Please pray for the Congo as many people are dying. Even people from our churches over there have died.

We are also praying for relief from drought in Tanzania. Cows have died, and rivers have gone dry. Please pray for Tanzania.

Finally, please pray for my upcoming trip to USA and the needs of the ministry. May God bless you as you pray and support the ministry.

*Dear friend, I pray that you may enjoy good health and that all may go well with you, even as your soul is getting along well. 3 John 1:2*

*Love you all,  
Bishop Eliudi Issangya*

## New Bible School Teacher

Neema Mbise is the newest teacher to join the Bible school teaching staff. She gave her life to Jesus in 2004 and started singing in worship music in 2019. She

attended Bible school for three years in Tanga, Tanzania, where she met a man from Kenya who was a pastor, and they got married.

Her husband was already married to another woman in Kenya, but Neema didn't know about his first wife. (Unfortunately, this is a fairly common situation in much of East Africa.) By the time she found out he was married, she was pregnant. He returned to Kenya and left her alone and devastated.

Neema returned home to live with her family and continued her worship music ministry. She met Bishop Eliudi at a ministry conference and shared her testimony with him. He invited her to be like his daughter, teach at the Bible school, and live on the school campus.

Neema said she is so happy to be in Sakila and knows it is the right place for her and her 2-year-old son. She was sick from the stress and trauma when she arrived, but the Lord has healed her heart and body. She has been doing online college course work since she arrived and will obtain her degree in theology and community development by the end of the year.

Eliudi relayed that it is a blessing to have Neema living on campus. The other two female teachers live off campus with their own families, and sometimes a woman is needed to help the female students in the evenings or on weekends.

“Neema” means “grace” in Swahili. She said she is thankful for the Lord's grace in her life and also wished to express her gratitude to all the supporters of this ministry.

Neema and her son, Ivan, are a welcome addition!

## Crower Trade School Update

Crower Trade School is well equipped, and the staff (pictured at right) are ready to accommodate more students, but we need additional boarding facilities in order to

allow more students to attend, including a boys' dorm, girls' dorm, and bathrooms. Each dorm will cost about \$20,000, which includes 12 bunk beds, bedding, and mosquito nets for 24 students. Two bathroom/shower combinations will also be required and are expected to cost about \$5,000 each.

## Board Members' Trip

Crystal Garvin and Pastors Jim and Shirley Bedsole traveled to Tanzania in October and had a wonderful trip. What a blessing to return and work alongside friends and ministry partners again!

## Radio Station

The Bedsoles visited New Life Radio Station, which now reaches 1.8 million people 24 hours a day with the Gospel, plus many more globally through online streaming. The staff receives many prayer requests and testimonies every day. So far two churches have been planted as a result of the radio ministry, and they are growing quickly!
